

District of Peachland Master Plan Comment Form

Introduction

Early in 2017, the District embarked upon a process to prepare a Parks and Recreation Master Plan. Our community is changing. Therefore it is important to prepare a plan now to protect those aspects of our community that are essential, leverage new opportunities, and ensure we provide a high quality of life for citizens of all ages and abilities while being realistic about the financial capacity of a small community.

Many of you were involved in the random survey and on-line survey conducted in May. The survey results are foundational to the plan because they provide a representative voice of the community. Major facility user groups provided feedback through a "Facility User Group/Lessee" survey. Others participated in the focus groups hosted in June.

Based on the community's input, extensive research, and knowledge of best practices and recreation trends, key recommendations have been developed. The *key recommendations* are summarized on the District's website. A *brief summary of the information* is also on the District Website. Please review these so that your feedback provides the greatest value to the Plan.

Thank you for taking the time to make comments.

District of Peachland Master Plan Comment Form

1. How would you rate the following aspects of the Plan? (Please provide a comment so we can better understand your feedback)

Support all of the recommendations Support most of the recommendations Do not support most of the recommendations Do not support any of the recommendations N/A
