- What has a mouth but no tongue or teeth? Go to the spot where it has a bridge over it and the lake at its feet. Find out more about it as you read the information plaque. A town once had its name? Yes, it's a historical fact!
- This linear Park sits along a creek where resident beavers like to meet. The trail takes you to a skateboard park with fitness equipment along your walk. Pickleball and Tennis are all within its blocks.
- This colourful beach boasts an Art display that encourages you to participate. Rocks are the star and you are welcome to create your own to donate.
- Music in nature, music on the beach. You may have seen it, but have you ever played a beat?
- Although these trees may look dead, there is life inside. A safe haven for creatures to hide.
- A rainbow greets you at the street. It's a place where bats live and like to hang by their feet.
- The lake is underneath, the beach to the side. This is where the summer kids jump on for a zip of a ride.
- It pierces the sky alongside our flag. It's covered in names to show honor and respect. This landmark ensures we won't ever forget.
- This brings a unique lake access and is our newest park addition. In the spring this is where you will find people fishing.
- What building has 8 sides and is an official historical site?
- Family day may include your furry pet. This off-leash beach access is the perfect spot to watch the sunset.
- Located on a street named after a Queen, Heaven is closer than it may seem. How many stairs to the landing? How many stairs to the top?

Our last request is to now give us a clue. Show us your favourite spot for a Peachland view. Is it from your balcony, a trail or a beach? Perhaps it's of you standing under the giant peach? Wherever it may be in our little city, share a photo so that we may see!
