

How to play Spoons!

A fun family card game for ages 5 and up.

1. Gather a deck of cards and a bunch of spoons. You'll need one less spoon than the number of players.
2. Take a complete set (all 4) of the same rank of cards for each of the players. For example, for the 5 of us we use all of the 2s, 3s, 4s, 5s, and 6s.
3. Have all the players sit in a circle with the spoons in the middle.
4. Shuffle and deal 4 cards to each player. The players can look at their cards, but not show anyone else.
5. During the game each player passes one card to the player to their left, so cards are constantly being passed in a circle at the same time. You can only ever see 4 cards at once so you have to make sure you pass your card before picking up the next one.
6. The goal of the game is to collect 4 of a kind.
7. Once you have 4 of a kind you can grab a spoon from the pile. Once one spoon is taken everyone else takes one too.
8. Whoever doesn't get a spoon is out and the play continues with one less spoon until there is one winner.
