## Mural at Harolds Walkway

This mural was painted by students at Peachland Elementary.

The mural is located at the pedestrian underpass which connects Harolds Walkway with Clements Crescent.

This is a safe walkway to cross from one side of the highway to the other and this delightful display also helps to prevent graffiti.

### HAROLDS WALKWAY

Harold Thwaite was a long serving Reeve, Councillor and Mayor of Peachland.

Harolds Walk was completed by the Peachland Lions Club in 2002 in memory of his contribution to the Peachland community.

This walkway is very popular and is rarely without community presence.
