To accept the report and objectives, as amended, to go to COTW for information.
CARRIED

LED STREET LIGHTING ADVERTISING AND PUBLIC INFORMATION
Staff reported the “Streetlight Project” team who provided the test ornamental lights have devised a way to put an auto-dimming option into each lamp post.

Staff also reported that an LED cobra-head would be placed outside of the community centre for the purpose of community input.

The Task Force wanted to review the results of a Summerland Science Fair experiment regarding lighting and crime.

ARTERRAN RENEWABLES UPDATE – Councillor Condon
Councillor Condon gave a brief description of Arterran Renewables following the presentation from March 25th.
Suggested looking into working with Arterran Renewables to set up a test location within the District.
CARIP UPDATE  Updated the Task Force on the status of the Climate Action Revenue Incentive Program.

The District produces 257 tonnes of carbon emissions.

Possibility of more accurate tracking by requiring District contractors to report of fuel usage.

OTHER BUSINESS  Bert Put – Commented on the possibility of expanding the Task Force’s mandate beyond CO2 reduction and energy generation.

Debbie Cox – Recommended making the development of a MTFCC strategic plan a priority at the June 24th MTFCC.

ADJOURNMENT  That the MTFCC Meeting be adjourned at 2:38pm

MOVED Councillor Condon  CARRIED

NEXT MEETING  June 24th, 2015 at 1:30 p.m. in Council Chambers
