MEDIA RELEASE #4

**January 9, 2017
3:15 p.m.**

As a result of a slide on Friday, January 6th, 2017 just north of Antlers Beach in Peachland, Renfrew Road between Renfrew Court and Sherburn Road is closed to local traffic only. The slide area has been stabilized, and personnel remain on site to monitor the situation and provide traffic control.

The ruptured sewer main has been isolated and the service has been restored to most customers in a limited capacity. We are still requesting that residents in the Renfrew Road, Ferguson Place, Sherburn Road, Stuart Crescent and 6469 – 6544 Bulyea Avenue areas reduce their water and sewer use as much as possible (minimal flushing, showers, laundry, dishwasher use) until further notice. Staff are working to ensure the remaining homeowners are looked after while repairs are completed.

Our geotechnical engineers, staff, consultants and provincial partners are working diligently to determine the cause and find solutions to re-establish our infrastructure.

We would like to thank the residents for their patience and understanding during this emergency situation. Our thanks also go out to our contractors, BC Hydro, Ministry of Transportation, and our staff and volunteers who responded quickly to get this situation addressed.

We will post updates on the District of Peachland website as the situation changes, or more information becomes available.
