Permit Fee Refunds

- 10.10 No fee or part of a fee paid to the District may be refunded if construction of the *building* has started.
- 10.11 A *building permit* or other *permit* fee may be partially refunded as set out in the District's Development Application & Licence Fee Bylaw, as amended from time to time, only if
 - (a) the owner has submitted a written request for a refund;
 - (b) the *building official* has certified a start has not been made on the construction of the *building* or *structure*; and

Construction Before Permit Issued

10.14 The *building permit* or other *permit* fee is doubled for every *permit* application if construction commenced before the *building official* issued a *permit*, in accordance with the District's Development Application & Licence Fees Bylaw, as amended from time to time.

Expiration of Application for a Permit

10.15 A *building permit* or a mechanical *permit* application expires one hundred eighty (180) days from the date a complete application is received under this Part if the *building permit* or mechanical *permit* is not issued by the application expiration date, unless the *permit* is not issued only due to delays caused by the District.

Issuance of a Building Permit

- (f) no covenant, agreement, resolution or regulation of the District requires or authorizes the *permit* to be withheld,

the *building official* must issue the *permit*, in the form prescribed by the *building official*, for which the application is made, and the date of issuance is deemed to be the date the District gives written notice to the *owner* that the *permit* is ready to be picked up by the *owner*.

10.17 Despite section 10.16, the *building official* may refuse to issue a *permit* when the *owner* has been notified of a violation of this bylaw about the construction of another *building* or *structure* by the *owner* or if there are outstanding contraventions of any District Bylaws that require remedy.

Compliance with the Homeowner Protection Act

- 10.18 If the application is in respect of a *building* that includes, or will include, a *residential occupancy* governed by the *Homeowner Protection Act*, the *building permit* must not be issued unless the *owner* provides evidence under section 30(1) of the *Homeowner Protection Act*, that the proposed *building*
 - (a) is covered by home warranty insurance; and
 - (b) the *constructor* is a licensed "residential builder" as defined in that Act.

- 10.19 Section 10.18 of this Part does not apply if the *owner* is not required to be licensed and to obtain home warranty insurance in accordance with sections 20(1) or 30(1) of the *Homeowner Protection Act*.
- 10.20 Every *permit* is issued subject to the *owner* and *constructor* maintaining compliance with the *Homeowner Protection Act* and negotiations under it during the term of the *permit*.

Partial Construction

- 10.21 If a site has been excavated under a building permit for excavation issued under this bylaw and a building permit is not subsequently issued or a subsisting building permit has expired under section 10.42, but without the construction of the building or structure for which the building permit was issued having commenced, the owner must fill in the excavation to restore the original gradients of the site within sixty (60) days of being served notice by the District to do so.
- 10.22 If a *building permit* has expired and partial construction has progressed, with no extension requested of the *building official* under section 10.43, permanent type fencing with privacy screen complying with the District's Zoning Bylaw, must be erected around the *building* site for protection to the public.

Conditions of a Building Permit

- 10.23 A *building permit* or an application for a *building permit* that is in process may not be transferred or assigned until the *owner* has notified the *building official* in writing, the *building official* has authorized the transfer or assignment in writing and the *owner* has paid the non-refundable fee required under the District's Development Application & Licence Fees Bylaw, as amended from time to time. The transfer or assignment of a *building permit* is not an extension of a *building permit*.
- 10.24 The review of plans and supporting documents and issuance of a *building permit* do not prevent the *building official* from subsequently requiring the correction of errors in the plans and supporting documents, or from prohibiting *building* construction or *occupancy* being carried on when in violation of this or another bylaw.

Inspections

- 10.25 If a registered professional provides letters of assurance in accordance with this Part, the District will rely solely on *field reviews* undertaken by the registered professional and the letters of assurance submitted pursuant to this bylaw and the building code as assurance that the construction substantially conforms to the design, plans and specifications and that the construction complies with the building code, this bylaw and other applicable enactments respecting safety.
- 10.26 Despite section 10.30 of this Part, a *building official* may attend the site from time to time during the course of construction to ascertain that the *field reviews* are taking place and to monitor the *field reviews* undertaken by the *registered professionals*.
- 10.27 A building official may attend periodically at the site of the construction of simple buildings or structures to ascertain whether the work is being carried out in substantial conformance with the building code, this bylaw and any other applicable enactments concerning safety.

- 10.28 For all work in respect of *simple buildings* the *owner* must give at least 48 hours' notice to the District when requesting an inspection and must obtain an inspection and receive a *building official*'s written acceptance of the following aspects of the work prior to concealing them:

 - (k) insulation and vapour barrier;
 - (1) construction of an exterior deck if the deck serves as a roof;
 - (m) on-site *constructed* tubs or showers and tub or shower trap tests;

 - (o) the health and safety aspects of the work and the conservation, GHG emission reduction and accessibility aspects of the work when the building or structure is substantially complete, ready for occupancy but prior to occupancy.
- 10.29 A *building official* will only carry out an inspection under section 10.28 if the *owner* or the *owner*'s *agent* has requested the inspection in writing in accordance with this bylaw.
- 10.30 Despite the requirement for the *building official's* acceptance of the work outlined in section 10.25, if a *registered professional* provides letters of assurance, the District will rely solely on *field reviews* undertaken by the *registered professional* and the letters of assurance submitted pursuant to this bylaw as assurance that the aspects of the construction referenced by those letters of assurance substantially conform to the *design*, plans and specifications and that the construction complies with the *building code*, this bylaw and other applicable enactments respecting safety.

- 10.31 No person may conceal any aspect of the work referred to in section 10.28 of this bylaw until a *building official* has *accepted* it in writing.
- 10.32 For work in respect of *complex buildings*, the *owner* must
 - (a) give at least 48 hours' written notice to the District when requesting a preconstruction meeting with the *building official* prior to the start of construction, and the *owner* or his or her representative must ensure that the *coordinating registered professional*, the *constructor*, as well as representatives of major trades, are in attendance;
 - (b) give at least 48 hours' written notice to the District when requesting a pre-occupancy coordinated by the coordinating registered professional or other registered professional to have the owner, the constructor and the registered professionals demonstrate to the building official and Fire Services the compliance with the health and safety aspects of the work, the coordination and integration of the fire and life safety system, applicable District requirements and other enactments respecting safety and the conservation, GHG emission and accessibility aspects of the work; and
 - (c) cause the coordinating registered professional, at least 48 hours prior to the pre-occupancy coordinated site review coordinated by the coordinating registered professional, to deliver to the building official the Confirmation of Required Documentation described in Schedule D, complete with all documentation in a hard covered three ring binder and in digital pdf format on a memory stick.

Stop Work Order

- 10.33 The *building official* may direct the immediate suspension or correction of all or a portion of the construction on a *building* or *structure* by attaching a stop work order notice in the form prescribed by the *building official* on the premises whenever it is found that the work is not being performed in accordance with the requirements of the *building code*, any applicable bylaw of the District or the applicable provisions of the *Homeowner Protection Act*.
- 10.34 The coordinating registered professional may request, in writing, that the building official order the immediate suspension or correction of all or a portion of the construction on a building or structure by attaching a stop work order notice on the premises. The building official must consider such a request and, if not acted upon, must respond, in writing, to the coordinating registered professional and give reasons.
- 10.35 If a *registered professional's* services are terminated, the *owner* must immediately stop any work that is subject to their *design* or *field review* and the *building official* is deemed to have issued a stop work order under section 10.33.
- 10.36 The *owner* must immediately, after the posting of a notice under section 10.33, secure the construction and the lands and premises surrounding the construction in compliance with the safety requirements of every statute, regulation or order of the Province or of a provincial agency and of every applicable bylaw of the District.

- 10.40 If a notice is posted under section 10.39, the *owner* of a parcel on which a do not occupy notice has been posted, and every other person, must cease *occupancy* of the *building* or *structure* immediately and refrain from further *occupancy* until all applicable provisions of the *building code* and this bylaw have been substantially complied with and the do not occupy notice has been rescinded in writing by a *building official*.

Inspection and Other Fees

- 10.41 In addition to the fees required under other provisions of this bylaw, the *owner* must pay the non-refundable fee set out in the District's Development Application & Licence Fees Bylaw, as amended from time to time, for:
